

This perspective view shows a complex mechanical assembly. A central shaft (200) is surrounded by several curved, plate-like components (101, 1010, 1011) that appear to be part of a clutch or brake mechanism. A large circular plate (1000) is mounted on the shaft. The entire assembly is supported by a base (100) and includes various fasteners (300) and structural elements (202, 203, 2030).
